Why is it important to license your pet?

1. To safeguard public health

Every licensed pet has been vaccinated against rabies. This protects your pets, children and neighbors against this deadly disease! **When the license tag is visible, you know that animal has been vaccinated!**

2. To help your pet get home

If your pet gets lost, your pet can be returned more quickly and sometimes without a trip to the shelter! A license tag can be easily traced to the animal's owner with a phone call. A license tag is your pet's ticket home.

3. To help us to enforce laws on responsible pet ownership

If we can track pet ownership, we know where to focus services & education.

4. To support the shelter and adoption of unwanted pets

Your yearly license fee helps support sheltering for strays and unwanted pets. It also pays for our leash-free dog park, animal control services and community education.

5. It's the law!

Dogs and Cats must be licensed and vaccinated against rabies.
